Schneider Write it

Xtra Hybrid

Ink roller with liquid ink technology and stainless steel tube for fine writing.

Ink roller with wear resistant stainless steel tube and innovative liquid ink technology for fine writing. The ball is cushioned elastically in plastic and writes extremely smoothly and lightly. The Xtra ink regulator controls the ink flow exactly and consistently from beginning to end, without blots or interruptions. The large ink reservoir has a level indicator and the ergonomic rubber grip section on the barrel of the pen which promotes tireless and relaxed writing. The cap has a high value metal clip.
